Gentlemen:

We are in receipt of your December 5, 1991 letter which approved our proposed schedule on the Operable Unit No. 2 Subsurface Interim Measure/Interim Remedial Action (IM/IRA) "...with modifications...". The modifications amount to removal of 8 weeks of DOE Headquarters review and approval times on the Draft and Final Responsiveness Summary and the Final IM/IRAP Environmental Assessment (IM/IRAP/EA). We dispute the removal of Headquarters review and approval timeframes, and as a result, we wish to invoke Dispute Resolution as per Part 16 of the Interagency Agreement (IAG). This letter serves as our written Statement of Dispute.

The DOE position on Headquarters review and approval protocol timeframes is detailed in the October 25, 1991 memorandum from R. P. Whitfield, Associate Director of the Office of Environmental Restoration, specifying the procedures and timeframes we are expected to follow with submittals to you.

We are requesting a meeting between the IAG Coordinators at the earliest possible time to discuss our dispute. If you have any questions, please contact Frazer Lockhart of my staff at 966-7846.

Sincerely,

David P. Simonson
